

**Cancellation: Tube Exhibition 2020**

Due to the current situation with Covid-19, Erne Fittings has decided not to take part in the upcoming Tube exhibition.

The decision to cancel the most important show in our industry was not an easy one for us. The Tube exhibition was, and still is a highlight for Erne Fittings; however under the present circumstances we don't see any possibility for a carefree exchange with our business partners, customers, and potential customers. In addition, we place the highest priority on the health and safety of our employees as well as all participants. As a result of this, and the ongoing and unpredictable situation, the decision was made to cancel the Tube exhibition.

We hope that we will see you again at the Tube exhibition in 2022!

Until then, all the best and stay healthy.

Erne Fittings GmbH
